Adaeze Okonkwo

Port Harcourt, Nigeria · adaeze.okonkwo@example.com · +234 803 000 0001 · COREN Registered Engineer

Professional Summary

Process Engineer with 8 years in LNG and gas processing operations. Led commissioning support for a 4.5 MTPA LNG train, ran Aspen HYSYS simulations for debottlenecking studies and chaired unit-level HAZOP revalidations. Proven record of reducing process upsets through alarm rationalisation and operator procedure rewrites.

Experience

Senior Process Engineer — Delta Gas & LNG Ltd, Bonny | 2021 – Present

- Provide process engineering support to two LNG trains (propane pre-cooled mixed refrigerant) and utilities.
- Built and maintained Aspen HYSYS models; delivered a debottlenecking study that lifted train output by 3.2%.
- Led commissioning and start-up support for a new acid-gas removal unit: pre-commissioning checks, loop testing, first gas.
- Chaired HAZOP revalidations and PEFS/P&ID; reviews; closed 140+ action items ahead of schedule.
- Performed heat & material balances and relief-load calculations for flare header adequacy during turnaround scope.
- Alarm management lead on Honeywell Experion DCS: reduced standing alarms by 45% across Train 1.

Process Engineer — Niger Delta Petrochemicals, Eleme | 2018 – 2021

- Monitored and optimised olefins unit performance; led root-cause analysis for 12 major process upsets.
- Prepared MOCs, operating procedures and monthly technical performance reports for management.
- Supported turbo-compressor and cryogenic cold-box troubleshooting with rotating-equipment team.

Education & Certifications

- B.Eng Chemical Engineering, University of Port Harcourt (Second Class Upper), 2017
- COREN Registered Engineer, 2021
- IChemE Process Safety (HAZOP Leader) certificate, 2022
- Aspen HYSYS Advanced Process Modelling (AspenTech), 2020

Technical Skills

- Aspen HYSYS, UniSim, Flaresim, AutoCAD P&ID;
- HAZOP / LOPA facilitation, MOC, SIL review
- Honeywell Experion DCS, alarm rationalisation (ISA-18.2)
- Commissioning & start-up, PSSR, operating procedure authoring
